PREFACE

This volume is a record of books published during the six years from 1943-1948 inclusive, and forms a fourth permanent supplement to the fourth edition of the United States Catalog.

The Cumulative Book Index is a complete bibliography of works in English, exclusive of government documents, cheap or paper-bound editions of fiction, tracts, propaganda, and other issues of local or ephemeral nature. Other books have been omitted because it was impossible to find the source from which they could be obtained.

Some books of importance published in occupied countries and the Far East during the war period have been entered here, others in later volumes of the Cumulative Book Index, depending on when the information became available. The following countries are represented here:

- Arabia
- Argentina
- Australia
- Belgian Kongo
- Belgium
- Bermuda
- Brazil
- British Guiana
- British West Indies
- Canada
- Ceylon
- Chile
- China
- Costa Rica
- Cuba
- Cyprus
- Czechoslovakia
- Denmark
- Dominican Republic
- Ecuador
- Egypt
- Finland
- France
- French West Indies
- Germany
- Great Britain
- Hungary
- Iceland
- India
- Italy
- Jamaica
- Kenya Colony & Protectorate
- Mexico
- Netherlands
- Netherlands Guiana
- Netherlands West Indies
- New Caledonia
- New Zealand
- Nicaragua
- Northern Rhodesia
- Norway
- Palestine
- Persia
- Peru
- Philippine Islands
- Poland
- Russia
- South Africa
- Southern Rhodesia
- Spain
- Straits Settlements
- Sweden
- Switzerland
- Tanganyika Territory
- Trinidad
- Turkey
- Uruguay
- Venezuela

Theoretically books published later than 1948 are not included. However, some published in one country in 1948 which appeared in another country early in 1949 may be found here. Books published in several countries have been entered with special care. The publisher or source whence obtainable in each country of issue is given, with the price in the currency of that country, except where publishers habitually quote otherwise. Any variations of title or format are shown in the entry.

Changes in publisher have been made to agree with the latest information received before going to press. Large price changes have also been made. Those editions which were listed in the United States Catalog and the Cumulative Book Indexes of 1928-1932, 1933-1937, and 1938-1942, whose publishers have changed have been reentered here with the designation (corr pub). Those with price changes of one dollar or more have had their main entry reentered with the designation (corr price). However, prices change so rapidly that users are warned when ordering books to allow for possible unrecorded price revisions.

No attempt has been made to check out of print items. Occasionally when the information was available, it was indicated by the usual sign: op. It has been impossible to trace a few books of publishers who have recently gone out of business. When these entries still stand with the original publisher, it may safely be assumed that these books have been remaindered and are now out of print.

The large staff required for a publication of this sort has undergone many changes during the six-year period. This makes it possible to acknowledge the contributions only of those who have carried the responsibility for various stages of the work. Mary Burnham, the former editor was largely responsible for cataloging the material from 1943 to 1946. Helaine MacKeigan has been in charge of compiling, Linda Hoy has been responsible for name forms, and Agnes Smith for final alphabeting. Mary McLaughlin and Rosa Wyschograd have revised copy and read the final proofs of this volume. Beatrice Di Coio has attended to final processes connected with proof correction. To these, as well as to Martha Aluisio, Ruth Eyerman, Viola Hinton, Louise Howes, Ellen O'Rourke, Irene Sacco, Mary Testa, Ruth Ward, and to others who could not be mentioned, the editors wish to express appreciation for their efficient and loyal cooperation.

EXPLANATIONS

LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the printed catalog cards of the Library of Congress are given at the end of the main (author) entry of each book. When the card for a serial publication or a many volumed set appearing at intervals is printed as an open entry card, the number is enclosed in curves ( ). Where the card number is enclosed in brackets [ ] it indicates that the card at Library of Congress is for an edition of the book other than the one listed; or is for the English edition when two numbers are given.

When a book which is entered without a card number is later cataloged by the Library of Congress, the main entry will be reentered in the current Cumulative Book Index to give its number.

For cards ordered by numbers (each on a separate slip with number of copies wanted indicated by a slanting line, e.g. 5-2850/4) the price is 6c for the first copy and 3½c for each additional copy. If the order is by author and title, the price of the first card is 10c. For further information apply to the Card Division of the Library of Congress, Washington, D.C.

(W)

(W) Sets of Wilson catalog cards are available for all books marked with this symbol. Sets average 4 to 5 cards and are obtainable either WITH or WITHOUT subject headings at the top of the card. In ordering indicate type of card preferred. The price is 8c a set.
